

COLLEGE

What is something new I learned about myself this semester?

What subject or topic genuinely interests me?

What academic pressure am I carrying?

What helps me feel prepared and confident?

What lesson from college goes beyond the classroom?

What kind of student do I want to become?

What distraction affects my focus the most?

What study habit actually works for me?

What opportunity do I want to explore?

What fear about my future keeps appearing?

What memory from college do I want to create?

How have my goals changed since starting college?

What person or experience has influenced me here?

What does balance look like during busy periods?

What advice would I give myself on the first day of college?
