

# Color the Feelings

Happy

Sad

Angry

Scared

Surprised

Curious

Coloring fills that gap.  
Color the faces however you like!  
\*There's no correct color here.\*

Try asking:  
What color would you  
give a happy face?

What does your face  
look like when you're  
surprised?

Recognition matters.  
A fun conversation is  
the real goal!
